

## **Product Description**

The 716-TER series are medium power coaxial loads, which operate from DC up to 3.0GHz.

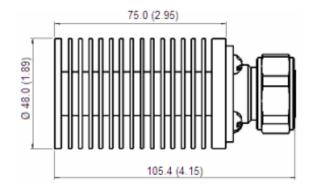

## Features/Benefits

- Finned termination
- Low VSWR
- RoHS compliant
- Designed for wireless applications

| Technical Specifications    |                         |  |
|-----------------------------|-------------------------|--|
| Product Type                | Load                    |  |
| Techn. Application          | Indoor                  |  |
| Frequency Range, MHz        | DC-3.000                |  |
| Input Connector Type        | 7-16 male               |  |
| Impedance, Ohm              | 50                      |  |
| Max. VSWR / Return Loss, dB | 1.2 / 20.8              |  |
| Total Input Power, W        | 20                      |  |
| Temperature Range, °C (°F)  | -40 to 45 (-40 to 113 ) |  |
| Height, mm (in)             | 75 (2.95)               |  |
| Diameter, mm (in)           | 48 (1.89)               |  |
| Environmental Class         | IP54                    |  |
